James B. Kuczmarski

40 Southpoint Drive
Lancaster, NY 14086
716-445-3834 (cell)   jbkuczma@buffalo.edu

Objective

To obtain a summer intern or co-op position, and extending into the regular academic year, to broaden and reinforce my Computer Science skills. My goal is to assist with software development activities and research, understand the practical applications of my knowledge, continue to learn new technologies and methods, and add value to the organization I am working for.
